Subject: Meeting in Edison

Pete,

This Wednesday (7/22) , Mike Scorca and I will be meeting in Edison with Jean Balent (ERT-SERAS contractor) from 10:30 -3:30 pm to discuss the NCHGW OU1 PDI Work Plan.

If it is ok with you, since I live in NJ I was planning on driving from my residence to Edison directly.

I arranged for a parking pass for my personal vehicle. The trip from my residence to Edison is comparable in mileage to my regular daily commute to the path station parking garage in Harrison.

- Jen
